2you**

The way it's meant to be.

www.farm2you.co.za

Our Story

Based in the heart of the beautiful KZN Midlands our Milk is produced on a family farm, naturally as nature intended. We have Jersey and Holstein cows that graze freely in lush grass fields ensuring that the milk they provide us with is healthy and wholesome. The aim of **Farm2you** is to provide you with **the freshest, locally produced, all natural wholesome milk directly from our Farm2you.**

Our Milk

Farm2you milk is pasteurised but not homogenised. Milk is supplied as either Low Fat 2%, Full Cream 3% or Premium Cream 3.5%+. The milk is then packaged to suit your needs. We deliver milk to you within two days of milking, ensuring absolute freshness. **All milk is free of hormones and antibiotics.** Rigorous testing on all milk products is conducted in our processing facility.

The way it's meant to be

Our milk is produced and delivered to you the way it's meant to be:

From a local, family-run and owned farm where we care about our animals and their welfare.

You buy directly from the farmer, and are welcome to visit the farm with your family and meet our cows! Please get in touch to arrange a visit.

We care about our impact on the environment & have recyclable and reusable packaging options to suit your needs.

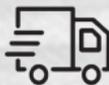

Our farming and dairy processing operation forms part of an initiative aimed at the upliftment of persons with a disability through sustainable agricultural training.

How it Works

Place your weekly order through the appointed agent in your area.

There is no delivery charge. Check with us when we will be in your area.

Payment terms:

Businesses - 5 days from date of delivery.

Private sales - Up front or on delivery, electronically.
